Catholic health care providers have been witnessing their commitment to the healing ministry by serving California communities for 150 years. They are committed to providing the highest quality health care to their patients and improving the health and well-being of their communities. Together, Catholic health care providers comprise over 16 percent of California's hospitals.

A Snapshot of Catholic Health Care in California

| | Catholic Health Systems and Hospitals | % of Total of All Acute Care Hospitals* |
|--|---------------------------------------|---|
| Acute Care Hospitals | 54 | 16.4% |
| Licensed Acute Beds | 11,962 | 20% |
| Charity Care and Community Benefit Costs | \$764, 841,429 | n/a |
| Number of Employees (FTEs) | 58,192 | 17.4% |
| Acute Patient Days | 2,464,781 | 19.3% |
| ER Visits | 1,945,467 | 20% |
| Births | 103,205 | 21.3% |
| Medi-Cal Days (traditional and managed care) | 778,746 | 15.4% |
| Outpatient Surgeries | 257,173 | 23.1% |
| Home Health Visits | 376,135 | 21.1% |

16%

Alliance of Catholic Health Care Mission

The Alliance of Catholic Health Care strengthens the Catholic health care ministry in California by providing a statewide forum in which ministry leaders collaborate on advocacy, ministry leadership formation, Church relationships and other issues that enhance the common good.

Core Values

Dignity – Respect for each person as an inherently valuable member of the human community and as a unique expression of life.

Justice – Advocate for systems and structures that are attuned to the needs of the vulnerable and disadvantaged and that strengthen a sense of community among all persons.

Collaboration – Achieve public policy goals by working together and with other organizations at the state and national levels that share a similar vision and values.

Stewardship – Recognize that the human, financial and ecological resources available for health care are limited and must be managed wisely and efficiently.

Public Policy Priorities

California's Catholic health care systems and hospitals together advocate on behalf of the following public policy priorities through the Alliance of Catholic Health Care:

Serving Those in Need

- Advocate for expanded health insurance coverage and access for all residents of California. Health care is a basic human right.
- Provide leadership on behalf of public policies that promote the health and well-being of communities, with a particular emphasis on the needs of the poor and underserved.

Promoting Not-for-Profit Health Care

- Promote and preserve the not-for-profit mission in health care delivery and support efforts to enhance this sector's capacity to serve patients and communities.

Strengthening Medicare and Medi-Cal

- Advocate for adequate funding of the Medi-Cal (Medicaid) and Medicare programs. Congress should also expand the State Children's Health Insurance Program (SCHIP) and Medicaid to cover more low-income uninsured people.

Protecting Religious Freedom

- Preserve the ability of Catholic and other religious organizations to deliver health care consistent with their religious beliefs and values.
